Reusing supplies that are in good condition from previous years such as scissors, binders, coloured pencils, etc. is always a great idea!

A few things to note:

- The general supplies are equally as important as the academic supplies listed above. They will be key in helping students follow the new routines and procedures that will be implemented, fully explained, and practiced at the beginning of the 2020-2021 school year.
- Due to COVID-19 restrictions and public health protocols announced by the province, students will not have access to the use of lockers. The majority of student school supplies will be stored in the classroom for their **own individual use absolutely**. Please send students with the supplies listed above **clearly labeled with their full name** on the

first day of school. Any supplies that we will not need immediately will be sent home and students will be asked to bring them to school as needed.

Hilroy Notebooks

As there is often confusion about which Hilroy notebook is the one your student will need, here is a picture for your reference:

Any equivalent is fine, it does not need to be the Hilroy brand.

Have a wonderful summer and see you in September!
