  - Crossing Guard – *It is hoped that Andrew Tanner could attend our next SAC meeting to address our concern about the need for a crossing guard at the Queen St and Dominion St. intersection.   - Backyard Project Plan – *We have a backyard! Jane and Andrea have met with Bill Maclean for resurfacing/paving. We will do a recap. Airfield guys will do the oval. A 3 phase project – 1. Rest of the seating area, 2. Court/play surface, 3. Gardens. Connie and Paul Mailman measured 43X85 garden space with some walkways. Monarch Butterfly Club \$10 fee. Hardy plants – blueberries, etc. Draft up a design for us. Granite rocks for seating. Fairly reasonable pricing. Fruit trees for free. Presentation to the Town of our plan. More money to tap into if we go in the direction of food, fruit trees, native plants. Barrier free, not necessarily wheelchair accessible. Grant writing for the Airfield Engineers will cover the next 3 years. Walk about by custodians, is this being done?*

*Glass, debris being left in the school yard. Also, looking into getting lighting for the backyard.*

- Mascot Costume:
- 8. Principal Report:** *Viking Voyage was a big success – fundraising wise and school spirit wise! Direction of walkers across the new bridge. First PLC day. River Renaissance Project and the outdoor classroom – O2 Project and began in Erin Dunn-Keefe’s English class. Many students from BHS are involved in the Town Christmas Parade.
